Bardoli, Surat

EXPERIENCE

❖ Full Stack Developer | KENI SOFTNET PVT. LTD., Surat

Worked with various technologies (**ReactJS**, **NodeJS**, **MYSQL**) and also developed problem-solving skills. Worked on projects like POS and Numella.

❖ PHP Development Intern | UNISTAR SOFTECH. PVT. LTD., Bardoli

Worked with basic frontend and backend development using PHP, HTML, CSS, and XAMPP (database). Learning the role of authentication and MYSQL queries.

EDUCATION

❖ Information Technology | UKA Tarsadia University (2019 - 2023)

CGPA 8.35

❖ XII Grade | Manav Kendra Gyan Mandir School (2019)

Percentage 83%

❖ XI Grade | Manav Kendra Gyan Mandir School (2017)

CGPA 8.8

PROJECTS

❖ POS – Point of Sale

The project is divided into three modules (Admin Panel, Accounting, and E-commerce) and we were working in a team of 12 members. Technologies used for **frontend (ReactJS)**, **backend (NodeJS)** and **database (MYSQL)**. It was a totally dynamic project for customization. It handles all the data of suppliers, customers, sales, items, items kits, inventory, location and many more.

❖ eHealth – Document-based Healthcare Portal

Users can store medical records and can easily fetch the records by scanning the QR Code whenever needed. Build on the technologies ReactJS (Frontend), NodeJS (Backend) and MongoDB (Database). Which was developed in a group of three members and, I worked on the frontend part.
